HOW ONEANSWER FRONTIER INVESTMENT PORTFOLIO WORKS

OneAnswer Frontier provides you with innovative choices to enable you to tailor an investment to suit your needs.

Investment choices offered through OneAnswer

Using the extensive range of investment funds offered by OneAnswer Frontier, you can create an investment profile to help achieve your investment goals. With a choice of approximately 80 investment funds, simply select which investment funds you want to invest in and the proportion to be invested in each.

More information?

See the information about the investment funds currently offered through OneAnswer Frontier in the **OneAnswer Investment Funds Guide**.

Making investments*

You can make your initial investment with as little as \$5,000 (\$1,000 per investment fund or per ANZ Term Deposit). You can make your initial investment by cheque or direct debit. You can make additional investments by cheque, Internet banking (EFT), direct debit, Bpay® or online through Account Access at **onepathsuperinvest.com.au**. For ANZ Term Deposits, additional investment can only be made using an Additional Investment form accompanied by a cheque or direct debit instructions. We're not bound to accept your application.

More information?

See **Additional investments** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Investing in ANZ Term Deposit options

You can access a range of ANZ Term Deposit options.

These offer competitive interest rates and a choice of 3, 6 and 12 months, or 2, 3, and 5 year investment terms. These options give you the security of investing with ANZ, one of Australia's largest banks. You can view current interest rates at **onepathsuperinvest.com.au**

ANZ Term Deposit options work a little differently to other investment funds in OneAnswer. The Regular Investment Plan, Dollar Cost Averaging, Auto-Rebalancing and Regular Draw-downs aren't available for ANZ Term Deposits. An additional investment or switch in to ANZ Term Deposits will be processed as a new term deposit and the minimum of \$1,000 will apply. You can't make a partial withdrawal or switch from an ANZ Term Deposit. Full withdrawals before maturity incur an early withdrawal adjustment.

Interest earned on ANZ Term Deposits is credited to ANZ Cash Advantage, an investment fund offered through OneAnswer Frontier.

More information?

See **ANZ Term Deposits** through OneAnswer in the **OneAnswer Investment Funds Guide**.

* It is important to be aware that any units purchased as a result of an additional investment or reinvestment of a distribution will be issued, based on the terms of the **PDS** current at the time the units are issued, and the investment funds' constitution. You can obtain the latest **PDS** free of charge from your financial adviser, online at **onepathsuperinvest.com.au/forms-and-brochures** or by contacting Customer Services. Initial, regular and additional investments may incur transaction costs. See **Fees and other costs** on page 11.

Regular Investment Plan[§]

This is a simple and effective way to grow your investment by adding to your investment on a regular basis. You choose:

- how often you invest – monthly or quarterly.
- the account you want investments to be debited from.
- the investment funds you would like to invest into.

A minimum initial investment of \$1,000 per fund applies.

More information?

See Regular Investment Plan in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Dollar Cost Averaging[†]

This can reduce the risk of investing a single larger amount on a single day by switching a set amount into your chosen investment fund(s) at regular intervals. You choose:

- one investment fund from which to make your regular switches.
- the amount of each switch.
- which investment funds to switch into.
- how often you would like the switches to occur: monthly or quarterly.
- when you'd like the Dollar Cost Averaging Plan to end (optional).

More information?

See **Dollar Cost Averaging** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Auto-Rebalancing^{†§}

This realigns your investment allocation to the investment profile you've nominated by making switches between your investment funds.

You choose:

- how often your investment is rebalanced – quarterly, half-yearly or yearly.
- a 'tolerance range' that determines when your auto-rebalance switch triggers.

Additional investments, switches or withdrawals may affect your Auto-Rebalancing.

More information?

See **Auto-Rebalancing** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

[§] Not available for ANZ Term Deposits

[†] Switching involves the withdrawal from one investment fund and investment into another. When switching or withdrawing you may incur transaction costs and may also realise a capital gain or loss. We recommend that you discuss this with your financial adviser.

Distribution payments

You can choose to have distributions from your selected investment funds (except for ANZ Term Deposits) reinvested or paid into your nominated bank or financial institution account.

No transaction costs apply to reinvested distributions[§].

For ANZ Term Deposits interest is automatically credited to ANZ Cash Advantage.

More information?

See **Distribution payments** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Receiving a regular payment from your investment^{†§}

A Regular Draw-down Plan enables you to make regular withdrawals from the investment funds you specify.

You choose:

- when to start and stop receiving payments
- how often payments from your investment are made – monthly or quarterly.

More information?

See **Receiving a regular payment from your investment** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Withdrawing from your investment[†]

You can make a request to withdraw from your investment at any time, provided the relevant investment fund is liquid. You may wish to speak to your financial adviser before you decide to make a withdrawal.

For ANZ Term Deposits, partial withdrawals can't be made. Withdrawals before maturity also incur an early withdrawal adjustment.

In certain exceptional circumstances, depending on the investment fund, we're not required to accept your withdrawal request.

We may vary the minimum balance of an investment fund at any time by giving you reasonable notice (or no notice if immediate variation is necessary to manage a material and immediate risk).

Certain investment fund constitutions allow us to redeem all of your units in the investment fund and return your money to you if (depending on the constitution):

- the balance of an investment fund is less than \$250 (or another minimum we choose)
- the balance of an investment fund after making a withdrawal will be less than \$250 (or another minimum we choose)
- we vary the minimum balance and give you 30 days' notice that we will redeem your units if your balance is below the minimum balance.

We recommend that you speak to your financial adviser before making a withdrawal.

More information?

See **Withdrawing from your investment** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Investment switches^{†§}

As your financial objectives change over time, you can change your investment strategy by switching between investment funds online at any time via Account Access at **onepathsuperinvest.com.au** or by written request.

Any new investment as a result of an investment switch will be issued based on the terms of the **PDS** current at the time, and the relevant investment fund's constitution.

You can obtain the latest **PDS** from your financial adviser, online at **onepathsuperinvest.com.au/forms-and-brochures** or by contacting Customer Services.

More information?

See **Investment switches** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

INVESTMENT RISKS

All investments carry risk, and different strategies different levels of risk, depending on the assets that make up the strategy. For example, assets with the highest potential long-term returns may also carry the highest level of short-term risk. Before investing, you should consider the level of risk involved with a particular investment and whether the potential returns justify those risks.

When considering risk associated with your investment, it's important to understand:

- the value of investments can rise and fall
- the returns you receive from your investment will vary
- future returns may be different to past returns
- returns are not guaranteed, and you may lose some of your money
- your investment may be affected by changes in the economic and political climate or changes to legislation, particularly in relation to taxation

The level of risk you face will vary depending on a range of factors, including your age, investment timeframes, your risk tolerance and what other investments you hold.

Other risks associated with investing will depend on the particular investment funds you choose. This includes risks associated with:

- investing globally, including currency risks
- alternative assets that behave differently to traditional assets such as shares, fixed interest and cash
- gearing – where a fund borrows money to invest a greater amount
- derivatives used to gain exposure to an investment market or to protect against changes in the values of financial products
- securities lending practices where some fund managers may engage in lending of securities to third parties at a fee
- short-selling strategies used by some fund managers – the selling of the stock that the investment manager doesn't hold
- long/short strategies used by some fund managers – where the manager will short-sell when they expect a decline in the securities' value while purchasing securities they expect will increase in value
- liquidity risk – where an investment may not be able to be sold to realise enough cash to fund a withdrawal
- counterparty risk – where the other party in a derivative transaction may not be able to meet its financial obligations
- changes to investment funds – where an investment fund is added or removed or an existing fund's characteristics may be changed

All investment products are generally subject to some or all of these risks.

Your financial adviser can help you establish an investor profile that suits your needs to manage these risks.

More information?

See **Investment risks** in the **OneAnswer Investment Funds Guide**.

We recommend that you read this important information before investing.

FEES AND OTHER COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

We are required by law to include the above wording, which mentions that members may be able to negotiate lower fees. The fees for this product are not subject to negotiation (except the Adviser Service Fee (ASF), which you may negotiate with your financial adviser). This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment schemes as a whole.

Taxes are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees and costs for particular investment options are set out in the '**Additional explanation of fees and costs**' section of this book.

OneAnswer Frontier Investment Portfolio has simple fee structures with no upfront fees. You will be charged an Ongoing Fee for your investment and can negotiate a fee for advice provided with your financial adviser.

For ANZ Cash Advantage, the Ongoing Fee is accrued daily and deducted monthly from the assets of the investment fund and included in the net interest paid to your account monthly, or upon full withdrawal or switch out. Ongoing Fees include OneAnswer Frontier's administration fee and the underlying fund manager's ongoing fees. Ongoing Fees are negotiable with wholesale clients.
	Ongoing Fee rebate Ongoing Fee rebates may apply, thereby reducing the above Ongoing Fees. Please refer to ' Ongoing Fee rebate ' on page 19 of this book.	Rebates Rebates are calculated and credited as additional units to your OneAnswer Frontier Investment Portfolio account on or about the quarterly anniversary of your account opening. The rebate reduces the effective Ongoing Fees charged. Please refer to ' Ongoing Fee rebate ' on page 19 of this book.
	Investor Fee An Investor Fee of \$115 p.a. applies to account balances under \$50,000 (excluding investments in ANZ Cash Advantage and ANZ Term Deposits).	Investor Fee This fee is deducted from your account balance annually. Please refer to ' Investor Fee ' on page 19 of this book.

Please refer to the Ongoing fees and costs for each investment fund table on pages 16 to 18 of this book.	Other costs[#] Other investments costs are variable and are deducted from the underlying assets of the investment fund as and when they are incurred. These are not additional fees charged to you. Please refer to the OneAnswer Buy-Sell Spread Guide for the Buy-sell spreads for each investment fund.	A buy-sell spread is reflected in the daily unit prices for an investment option and is not charged separately to you. As your account is valued using the sell unit price, each investment into an investment fund will also be reduced by approximately this amount at the time of the transaction.
Withdrawal Fee The fee on each amount you take out of your investment	Nil	Not applicable.
Exit Fee The fee to close your investment	Nil	Not applicable.
Switching Fee The fee for changing investment options	Nil	Not applicable.

[†] Ongoing Fees are expressed as a percentage of gross assets unless otherwise indicated.

[#] The Other costs and Transaction costs set out above are reasonable estimated costs for the financial year ended 30 June 2025. Past costs are not a reliable indicator of future costs. Performance fees shown are calculated as an average over the previous 5 financial years (or lesser number of financial years, if performance fees were not charged or the investment option or underlying investment was not in place, for the previous 5 financial years).

[†] Other service fees, such as an Adviser Service Fee, Dishonour fee and Processing fee may apply. Please refer to the **Additional explanation of fees and costs**.

* You may also incur a buy-sell spread when your money moves in or out of an investment fund. Please refer to Buy-sell spreads on page 19 of this book.

We have assumed a constant value during the year. In addition, the calculation of the management costs in the example does not take into account the additional contribution of \$5,000.

Additional Explanation of Fees and Costs

Ongoing fees and costs for each investment fund

The following table lists the ongoing annual fees and costs for each investment fund offered through OneAnswer Frontier Investment Portfolio.

The costs in the table below are reasonable estimated costs for the financial year ended 30 June 2025. Performance fees shown are calculated as an average over the previous 5 financial years (or lesser number of financial years, if performance fees were not charged or the investment option or underlying investment was not in place, for the previous 5 financial years).

It is important to remember that past costs are not a reliable indicator of future costs.

Note: The Transaction Costs shown in the following table are equal to the costs affecting returns in the table on pages 23 to 25.

[^] The Ongoing Fees for MultiSeries, OptiMix and OnePath investment funds are estimated investment fees for a complete financial year ending 30 June and may vary during the year.

^{*} The manager of this investment option does not charge a performance fee, however the underlying investment held by the manager charged a performance fee.

[†] This is the Ongoing Fee charged on the net assets of the investment fund. Assuming a gearing ratio of 50%, this would represent an Ongoing Fee on gross assets of 0.825% p.a.

[~] Costs for this investment option are reasonable estimates from the financial year ending 30 June 2024.

Further information

Ongoing Fee rebate

An Ongoing Fee rebate of 0.10% p.a. applies to balances over \$300,000. This reduces the Ongoing Fees payable. The rebate is based on your total account balance (excluding investments in ANZ Term Deposits).

The rebate is calculated monthly based on your account balance on or about the monthly anniversary of your investment start date. It's credited as additional units to your account on or about the quarterly anniversary of your investment start date, or on full withdrawal. Where rebates are credited as additional units, transaction costs will apply to the purchase.

Alternatively, you can choose to have these rebates paid into your financial institution account. In most cases rebates should be treated as assessable income for tax purposes, although there may be circumstances where this doesn't apply.

Example: Ongoing Fee rebate

Johnston has the following investments:

• ANZ Term Deposits	\$30,000*
• OnePath Balanced Index	\$140,000
• OnePath Australian Shares	\$110,000
• OnePath Property Securities Index	\$60,000
• MultiSeries 50	\$110,000
Johnston's balance	\$450,000

His Ongoing Fee rebate is calculated as follows:

Investment balance tier	Rebate calculation	Ongoing Fee rebate
First \$300,000	\$300,000 x 0.00% p.a.	\$0
Amounts over \$300,000	\$120,000 x 0.10% p.a.	\$120
Total rebate		\$120 p.a.* (\$30 per quarter)

* The Ongoing Fee rebate does not apply to investments in ANZ Term Deposits.

Note: This example is illustrative only. It shouldn't be regarded as a forecast for your investment, or as indicative of future performance.

Investor Fee

This is an account keeping fee of \$115 p.a. It applies where your total balance (excluding investments in ANZ Cash Advantage and ANZ Term Deposits) is under \$50,000. It doesn't apply for investments solely in ANZ Cash Advantage and ANZ Term Deposits.

The fee is accrued monthly on or about the monthly anniversary of your investment start date. It's deducted annually, or pro-rated on full withdrawal. This fee is accrued and deducted proportionately across your investment funds.

In some circumstances Investor fees can accrue monthly and then be applied to your account at a future date. For example, during a year where your account balance fluctuates above and below \$50,000 for any part of the year, the investor fee will accrue in the months the balance is below \$50,000 and may be charged to the account at a future point.

Investor Fee waiver

Where you hold multiple OneAnswer Frontier accounts you may request that the Investor Fee be waived on these accounts if their combined value is \$50,000* or more on the date we receive your request at our registered office.

* Excluding investments in ANZ Term Deposits and ANZ Cash Advantage.

Service fees

Switching

There are currently no fees for switching between investment funds.

Buy-sell spreads

These are used to allocate buy and sell transaction costs to investors who are transacting, rather than to investors who aren't transacting. As the proceeds from a buy-sell spread are retained as part of the assets of an investment fund, no part of it is paid to us or to an underlying fund manager.

A buy-sell spread, currently up to a maximum of 1.00%, may apply to amounts invested or withdrawn from an investment fund.

This may vary in future. These spreads are incorporated in the buy and sell unit prices.

The buy-sell spreads shown are as at 5 December 2025. The buy-sell spreads may change and in certain circumstances, increase or decrease significantly. The buy and sell spreads for each investment fund are shown in the **Buy-Sell Spread Guide** at onepathsuperinvest.com.au/forms-and-brochures

For example: For every \$1,000 you invest in the OnePath Growth Index fund, the buy spread you incur is currently 0.04% or \$0.40. This amount is reflected in the 'buy' unit price when units are purchased.

Your account balance is valued at the 'sell' unit price, which incorporates the sell spread. In the same example, the value of the investment of \$1,000 will also take into account the sell spread of 0.04% or \$0.40. This means that the total spread cost for the \$1,000 investment will be 0.08% or \$0.80.

Transaction costs

Transaction costs are costs incurred by the Fund that relate to the Fund's underlying investments (including the costs incurred by the Fund's underlying investment managers). The transaction costs disclosed in the Fees and costs summary are shown net of any recovery received by the Fund from the Buy-sell spread charged to transacting unitholders. Transaction costs are an additional cost to you where it has not already been recovered by Buy-sell spreads charged to transacting unitholders.

Gross transaction costs of the Fund are funded both from the assets of the Fund and from the Buy-sell spread which is charged to individual investors when you acquire units in, or withdraw from, the Fund. The Buy-sell spreads are retained by the Fund to partially offset

the gross transaction costs incurred by the Fund. No part of the Buy-sell spread is paid to us or to an underlying investment manager.

Gross transaction costs include, but are not limited to, the following:

- **Brokerage costs** – the amount paid to a broker when buying and selling underlying securities, e.g. shares and derivatives. For example trading costs charged by brokers on purchases or sales of shares, stamp duty charged on security purchases etc. These costs are incurred when the underlying fund managers actively trade investments as part of the ongoing management of the investment.
- **Settlement costs (including custody fees)** – includes fees paid to a custodian to hold underlying assets and to manage transaction settlements.
- **Stamp duty** – a State/Territory based tax imposed on certain transactions (e.g. the transfer of certain assets or property).
- **Buy-Sell spreads** – are incurred by underlying fund managers when buying or selling securities.

The table on pages 23 to 25 provides a breakdown of the transactions costs for each investment fund.

Performance fees

We do not charge performance fees directly. However, performance fees may be payable from the underlying investment fund to the fund manager. These performance fees are outlined on pages 16 to 18 of this book.

Performance fees shown are calculated as an average over the previous 5 financial years (or lesser number of financial years, if performance fees were not charged or the investment option or underlying investment was not in place, for the previous 5 financial years). Past costs are not a reliable indicator of future costs. The performance fee payable may differ from year to year. The underlying investment funds with performance fees, their relevant benchmarks and method for calculating the performance fees are noted in the following table.

Benchmark	Performance fee methodology
Antipodes Global Value Fund*	
MSCI All Country World Net Index in AUD.	15% of outperformance above the benchmark.
Ausbil Australian Emerging Leaders	
70% S&P/ASX Midcap 50 Accumulation Index and 30% S&P/ ASX Small Ordinaries Accumulation Index.	15.375% of outperformance above the benchmark plus a hurdle of 0.85% p.a. [†]
Greencape Broadcap	
S&P/ASX 300 Accumulation Index.	15% of outperformance above the benchmark.
Magellan Global	
Dual Hurdle of the MSCI World Net Total Return (AUD) ("Index Relative Hurdle") and the yield of 10-year Australian Government Bonds ("Absolute Return Hurdle").	10% of the excess return above the higher of the Index Relative Hurdle and the Absolute Return Hurdle over each 6 monthly period ending 31 December and 30 June, subject to the High Water Mark being met for the relevant period.
Other investment options	
Certain investment options have a performance fee because of their investment in one or more underlying funds that have performance fees. The method of applying a performance fee can vary from underlying fund to underlying fund. The mix of underlying funds can change at any time.	

[†] If a period of underperformance to the benchmark occurs, the performance fee accrued is frozen at its current level and further performance fees do not start accruing again until the full amount of underperformance is recouped.

* Previously known as Antipodes Global (Long only).

Performance fees are reflected as a reduction in the returns generated by the underlying investment fund. Therefore, the value of your investment in the applicable investment fund will be impacted by any performance fee.

Investment fund	How accrued and payable
Antipodes Global Value Fund**	Accrued daily and payable half yearly
Ausbil Australian Emerging Leaders	Accrued daily and payable monthly in arrears
Greencap Broadcap	Accrued daily and payable quarterly in arrears
Magellan Global	Accrued daily and payable half yearly

Financial adviser payments

Adviser Service Fee

This is an optional fee that is agreed between you and your financial adviser.

You can agree with your financial adviser to pay (or their licensee) an **Adviser Service Fee (ASF)** for their service and advice in relation to your investment. This fee (including any GST) is deducted from your investment.

An **ASF** only applies if you and your financial adviser have agreed to this fee and have sent a completed Advice Fee form to us to commence an advice fee arrangement.

Details of any **ASF** you agree to pay your adviser should be set out in the Statement of Advice and, if applicable, your annual Fee Disclosure Statements provided by your adviser.

From 1 July 2021, **ASFs** will need to meet additional requirements before they can be applied to your account. We are required to obtain written consent before an **ASF** can be deducted from your account. You are not under any obligation to consent to the **ASF** being deducted. You can revoke your consent to the deduction of **ASFs** by contacting us and/or your adviser to terminate the fee arrangement. This will prevent any further deduction of **ASFs** from your account after the consent has been revoked but does not reverse any fees paid before revocation.

You can choose for this **ASF** to be paid as either an:

- **One-off Adviser Service Fee** – This fee may be charged on a one-off basis as a set dollar amount or as a percentage of either:
 - your investment at the time of your initial or additional investment
 - your total balance at any other time.

Where this fee is charged at the time of your investment, it is deducted after your investment has been processed.

- **Fixed term arrangement Adviser Service Fee[^]** – This fee may be charged on a regular basis (for no more than 12 months from the date it commences) as a percentage of your account balance or as a set dollar amount per annum. This fee will be calculated at the date it is deducted from your account balance on or about the date of the month that your account commenced. The fee will be deducted on a monthly basis. You can enter into a new

fee arrangement at the end date of your fixed term arrangement should you wish.

- **Ongoing Adviser Service Fee^{*}** – This fee may be charged on an ongoing basis as a percentage of your balance or as a set dollar amount per annum. The fee is calculated on the date it is deducted from your account balance on or about the monthly anniversary of your investment. You can choose to have this deducted on a monthly, quarterly or annual basis.

We will require your consent every year to continue an ongoing advice fee **ASF**. If we do not receive your consent by the 'consent end date' your ongoing advice fee **ASF** will cease.

You can terminate this fee at any time by notifying us in writing. On your death, we'll cease deducting any **ASFs** upon receiving notification. We'll then refund any **ASFs** deducted since the date of death back into your account

You choose whether the **ASF** will be deducted by withdrawing proportionately across all your investment funds, or by withdrawing from one nominated investment fund (except ANZ Term Deposits).

Note that investments in ANZ Term Deposits will be included in the total account balance when calculating a percentage^{*} based **ASF**.

^{*} If any part of your investment is borrowed or sourced from a loan, then you can't nominate a percentage based Adviser Service Fee.

[^] You cannot be charged both a fixed term arrangement **ASF** and ongoing **ASF** at the same time.

Example:

If you have a \$10,000 total balance and have requested an ongoing **ASF** of 1% p.a., the amount deducted from your investment would be \$100 p.a. (\$10,000 x 1%) or \$8.33 per month.

Other financial adviser payments

We may make payments to dealer groups, financial advisers or other third parties based on commercial arrangements we have with these parties. In some cases these payments may be made to related entities. The types of payments include payments to enable educational support and practice development services for advisers and payments to third parties to distribute our products. These payments are made by us and not charged to you or your account.

Other fees and additional information

GST

The fees and costs shown here include any applicable GST less any entitlement to a Reduced Input Tax Credit (RITC) available to the relevant investment funds, unless otherwise stated.

Tax information

Information about taxes is set out in the section 'Other information you need to know' under the heading 'Tax information' in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Dishonour fee

Currently, a \$10 fee is charged to your account where any payment made by direct debit is dishonoured (for example, insufficient funds in the account debited).

Processing fee

Your financial institution may charge a processing fee each time you make a contribution using the Regular Investment Plan. This amount will vary depending on your financial institution.

Differential fees

We may negotiate differential fees with 'wholesale' clients as defined in the *Corporations Act 2001*, which may result in rebates paid to these investors. These rebates are paid from our own money and will not affect other investors. Rebates may be treated as assessable income for tax purposes. We recommend that you seek tax advice specific to your circumstances.

Multiple classes of units

Multiple classes of units can be issued for certain investment funds that may provide different fee arrangements. Such classes of units are on offer in relation to a small number of investment funds and are generally available for investment by other trusts that we manage or investors qualifying as wholesale clients under the *Corporations Act 2001*.

Expenses

The Ongoing Fees of the investment funds may include the ongoing fees and charges of the underlying investment fund as advised to us at date of this **PDS**.

Maximum fees and charges

Each investment fund's constitution (including the scheme through which ANZ Term Deposits are offered) allows us to charge higher fees to the maximums shown below.

Maximum fees	
Entry Fee	5% of application money for all investment funds
Withdrawal Fee	5% of redemption price for all investment funds
Exit Fee [^]	The greater of \$100* or 5% of withdrawal proceeds is payable upon closure of the account
Management Fee (p.a.) ^{^^}	4.4% (including GST) of investment fund's gross asset value
Switching Fee	5% of redemption price for all investment funds
Investor Fee (p.a.)	\$130* for all investment funds
Dishonour Fee	The actual cost we incur for a dishonour

[^] The Exit Fee doesn't apply to the following funds: ANZ OA OnePath Select Leaders Trust and Emerging Companies Trust. The maximum Exit Fee is the greater of \$130 (adjusted by changes to the CPI) or 5% of withdrawal proceeds (payable upon closure of the account) for the following investment funds: OneAnswer – T. Rowe Price Dynamic Global Bond Trust, the OneAnswer – Greencape Broadcap Trust, and the OneAnswer – First Sentier Global Listed Infrastructure Trust.

* This amount is adjusted by changes to the Consumer Price Index (CPI).

^{^^} The maximum management fee is 4% (including GST) for the following investment funds: OnePath Blue Chip Imputation Trust, OnePath Select Leaders Trust, OnePath Active Growth Trust, OnePath Australian Share Trust, OnePath Global Share Trust and OnePath Balanced Trust.

** Previously known as Antipodes Global (Long only).

In addition to the Ongoing Fees and charges of the underlying investment fund, underlying fund managers may incur expenses that are recovered from the underlying fund.

These expenses may vary over time, can change without notice, are passed on to investors, and may affect the return of an investment fund. We'll communicate these changes within a reasonable time frame when we're made aware of them. In certain circumstances this may be after these expenses have already been passed through to investors.

Under the constitution of each investment fund, we're entitled to recover expenses incurred in the proper performance of our duties as responsible entity of the investment fund, including the administration or management of the investment fund.

These reimbursable expenses include charges, fees, expenses, liabilities and losses associated with the investment fund.

Alterations to fees

We reserve the right to change any of our fees and charges from their present levels without your consent. We will give at least 30 days notice before increasing fees and charges or introducing a new fee or charge.

The fees contained in this **PDS** are up to date at the time of its preparation. You can obtain updated information at onepathsuperinvest.com.au

OTHER INFORMATION YOU NEED TO KNOW

Structure of OneAnswer Frontier Investment Portfolio

When you invest in an investment fund (other than ANZ Term Deposits), you purchase units in a managed investment scheme for which OnePath Funds Management is the responsible entity. Your investment is pooled together with that of other investors, and you receive an investment return in proportion to your holdings in the overall investment fund. The investment funds may invest directly in assets or in another underlying fund(s) offered by OnePath Funds Management or external fund managers.

When you invest in ANZ Term Deposit options you acquire an interest in a managed investment scheme for which OnePath Funds Management is the responsible entity. However, your investment isn't pooled with other investors in a unitised fund. Instead, you have complete beneficial interest in your ANZ Term Deposit investment and will receive income as if you held the term deposit directly with ANZ Bank.

Responsible Entity and constitutions

As the responsible entity, we're responsible for the operation of the funds and for complying with their respective constitutions, as well as the *Corporations Act 2001*. The constitution of each investment fund limits your liability in relation to the fund to the value of the units you hold or have subscribed for. The courts, however, are yet to determine conclusively the effectiveness of these provisions.

Tax information

Information about taxes is set out in **Other information you need to know – Tax information** in the OneAnswer Frontier Investment Portfolio **Additional Information Guide**.

Unit prices

All investment funds (except ANZ Cash Advantage and ANZ Term Deposits)

When you invest in an investment fund, you buy 'units' in that fund. Each unit has a 'unit price'. The number of units you buy is equal to the amount you invest, divided by the current 'buy' unit price.

Unit prices are normally determined each Sydney business day. A business day is any day other than a Saturday, Sunday or public holiday in NSW.

The unit price is calculated as equal to the value of the proportion of all net assets in the scheme, or attributed to each class, divided by the number of units held by investors in the fund, or class, adjusted for transaction costs (buy-sell spread).

As the value of the assets in an investment fund rises and falls, in general, so too does the value of the unit price, and therefore the value of your investment.

When you withdraw, you redeem units from that investment fund. The number of units you sell is equal to the amount withdrawn, divided by the 'redemption' unit price.

The value of your account is calculated based on the 'redemption' unit price.

In exceptional circumstances, for some investment funds, the calculation of unit prices may be suspended to protect investors' interests. For example, if significant market volatility and/or significant internal or external events result in an inability to value an investment fund.

How your account balance is calculated

Your account balance is calculated by multiplying the number of units you have in each investment fund by the 'redemption' unit price for each fund. As the unit prices are calculated on a daily basis, the value of your account may change daily.

The number of units held x unit price that day = account balance.

Example: 1,000 units held at \$1.75 per unit equals to an account balance of \$1,750.

This example is illustrative only.

For ANZ Cash Advantage

The unit price is fixed at \$1.00, and is not expected to change.

However, it is possible that the unit price may change if there is a change to the value of the fund's assets. The unit price is equal to the value of all the assets in the investment fund (in your class) less liabilities. Income is accrued based on the income for the investment fund for the current distribution period, divided by the number of units investors hold in your class.

For ANZ Term Deposits

ANZ Term Deposits aren't unitised, which means that you don't buy units in the fund when you invest. ANZ Term Deposits instead earn interest as a percentage of the amount invested. You can find the current ANZ Term Deposit interest rates at onepathsuperinvest.com.au or by contacting Customer Services.

Valuation of investment fund assets

The constitution for each investment fund provides the basis for valuing the fund's assets. Generally, assets are valued based on their current market value. However, there may be circumstances when assets are valued on a different basis.

Generally, assets traded on a financial market, such as shares, are valued daily. Other assets, such as direct property or mortgages, may be valued less frequently.

Unit pricing permitted discretions policy

We have a unit pricing permitted discretions policy that sets out how we can exercise discretions in relation to unit pricing. If we exercise a discretion that is not currently documented, or in a way that departs from the current documented policy, we'll prepare and record a written explanation as to how that discretion was exercised and why it was reasonable.

You can obtain a copy of the policy free of charge by contacting Customer Services.

Where insufficient data is available from fund managers to accurately calculate unit prices for an investment fund, we may use appropriate market indices to calculate unit prices (indexation). In exercising this procedure, we follow industry standard practice to ensure the fair and equitable treatment of investors.

Monitoring unit prices

We have processes in place to check the accuracy of unit prices.

There may be occasions where unit prices may be found to be incorrect because of errors in determining one or more components of the unit price. If you transact on an incorrect unit price, your account may require a correction.

We'll provide compensation where the error causes a variance in the unit price greater than our predetermined threshold. The threshold varies depending on the asset class. It is currently set at between 0.05% for cash and 0.30% for equities. This threshold may be subject to change.

Where the compensation amount is less than an amount determined by the responsible entity (currently \$20) and an investor entitled to the compensation has fully withdrawn from the product, the compensation will be contributed into the fund for the benefit of existing investors, rather than paid to the exited investor.

Processing transactions

Our cut off time for transactions is 12pm (AEST/AEDT).

Generally, if we receive your completed documentation and investment funds (where applicable) at our Sydney office by 12pm (AEST/AEDT), we'll process investments, withdrawals or switches on the same day using the unit price for that day, or the interest rate on that day for ANZ Term Deposits.

If received after 12pm (AEST/AEDT), or on a day that is not a business day, any investment, withdrawal or switch will generally have an effective date of the next business day, and will be processed using the unit price or interest rate for ANZ Term Deposits for that day.

Where investment funds are paid by direct debit, processing will occur on the business day we receive funds from your financial institution. Where payment is by BPAY®, the effective date is the business day we receive confirmation that we have received the funds.

If we're unable to issue units (or process your investment) in an investment fund immediately on receiving your investment funds, we're generally required to pay them into a trust account, and return the funds to the source of payment if we're unable to apply your investment. In certain limited circumstances we may hold your funds for a period in a trust account. This may occur if your application is incomplete. Redemption requests and any deductions required by law are also similarly processed using a holding account. We will retain any interest paid by our bank on these accounts to meet costs we incur in operating the account, including bank fees and other bank administrative costs.

Distributions

Distributions are earnings from your investment. They may include income and net capital gains. Distribution amounts will normally vary depending on factors including market conditions, asset class and investment performance. This means that there may be times when you don't receive any distributions.

The distribution frequency for each investment fund varies between monthly and annually. Distribution frequencies for each investment fund are shown in Part Two – **OneAnswer Investment Funds Guide**. In certain circumstances an investment fund may be required to pay a distribution at times other than the frequency shown.

For all investment funds (except ANZ Cash Advantage and ANZ Term Deposits)

The distribution amount you receive is based upon the number of units you hold (in your class) at the end of the distribution period and the amount per unit to be distributed from the investment funds.

The unit price of an investment fund is reduced on the day following a distribution, reflecting the amount of the distribution and any market movement of the underlying investments.

The unit price of an investment fund may include income and realised capital gains not yet been distributed. If you invest just before the end of a distribution period, you may receive a portion of your investment back as a distribution at the end of that period. We recommend that you speak to your financial or tax adviser about any tax implications this may have for you.

ANZ Cash Advantage

For ANZ Cash Advantage, the distributions (interest) you receive are based on the number of units you hold during an interest period and the number of days those units were held. You can find the current interest rate for ANZ Cash Advantage at **onepathsuperinvest.com.au** or by calling Customer Services.

ANZ Term Deposits

ANZ Term Deposits don't pay distributions.

The interest you receive from each term deposit is based on the amount invested, the term nominated and the interest rate applying at the time you invest. You can find the current interest rates for ANZ Term Deposits at **onepathsuperinvest.com.au** or by contacting Customer Services.

Interest is payable at maturity for the 3, 6 and 12 month ANZ Term Deposit options. For terms greater than 12 months, interest is paid annually on the anniversary date of the investment and at maturity.

Interest payments are invested in ANZ Cash Advantage for you. If you don't have a current investment in ANZ Cash Advantage we'll automatically establish this investment fund for you when the interest is paid. By investing in ANZ Term Deposits, you authorise us to establish a holding in ANZ Cash Advantage to permit payments of earned interest and any applicable principal. As the terms and conditions of the ANZ Cash Advantage fund differ from those of ANZ Term Deposits you should read the information about ANZ Cash Advantage in this **PDS** and other Incorporated Material.

A reduction in the interest rate payable applies where your ANZ Term Deposit is broken before the maturity date. The reduction in the interest rate will depend on the percentage of the original term elapsed when you withdraw.

See the **OneAnswer Investment Funds Guide** for more information about ANZ Term Deposits including the Early Withdrawal Adjustment.

Withdrawing or Blocking Access to your investment

Unless prohibited by Australian law and in addition to any rights that we have as responsible entity under the constitution of an investment fund, we may withdraw or block access to your investment if we reasonably believe that you have used the OneAnswer Frontier Investment Portfolio for unlawful purposes, that withdrawing or blocking access to your investment is necessary to protect you and the other investors in the fund from suffering financial loss or that your continued investment would cause us to breach our legal obligations. If we intend to withdraw your investment on this basis, we'll give you notice in writing to the address we have listed on your account. We won't give you prior notice before withdrawing or blocking access to your investment if we consider that immediate closure is necessary to protect you, us or other investors in the product from suffering financial loss (for example, as a result of suspected fraudulent activity).

When the units are withdrawn, we'll send you the net withdrawal amount by EFT or cheque and close your account.

Cooling-off period

When you invest, you will have the opportunity to review your investment to ensure it meets your expectations. This is known as a 'cooling-off' period. If you are not satisfied with the investment you have made, you may cancel your initial application within 14 days or the earlier of:

- the date you receive a confirmation from us
- the end of the fifth day after we first issue you with units in your investment fund(s).

If you cancel your investment within the cooling-off period, the amount you receive will be adjusted for any changes in the unit price of the investment fund, less any administrative withdrawal and transaction costs. To cancel your initial or additional investment, you will need to notify us in writing.

Your right to cancel your initial investment, and be repaid during the cooling-off period does not apply if you exercise any of your rights as an investor, such as changing your investment options.

Generally, cooling-off rights apply in relation to initial and additional investments, and when switching between investment funds.

However, cooling-off rights don't apply to investments made using the Regular Investment Plan, to reinvested distributions and to switches made under Dollar Cost Averaging and Auto-Rebalancing. Cooling-off rights also don't apply to wholesale clients within the definition of the Corporations Act.
