

# IMPORTANT INFORMATION AND UPDATES

## INVESTMENT FUND CHANGES

We're committed to helping you achieve your financial goals by regularly reviewing the investment menu of OneAnswer, making sure you have access to market-leading investment funds. The following section outlines the changes that have been made over the past financial year.

### New investment managers

#### Vanguard and OnePath index funds

Invesco Australia Limited (Invesco) has been appointed to replace Vanguard Investments Australia Limited (Vanguard) as the underlying manager of the former Vanguard index funds. The change of manager was completed in early June 2021. With the change of investment manager, the following funds were renamed:

Previous fund name	Current fund name
Vanguard Australian Shares Index	OnePath Australian Shares Index
Vanguard Balanced Index	OnePath Balanced Index**
Vanguard Conservative Index	OnePath Conservative Index**
Vanguard Diversified Bond Index	OnePath Diversified Bond Index**
Vanguard Growth Index	OnePath Growth Index**
Vanguard High Growth Index	OnePath High Growth Index**
Vanguard International Shares Index	OnePath International Shares Index
Vanguard International Shares Index (Hedged)	OnePath International Shares Index (Hedged)
Vanguard Australian Property Securities Index	OnePath Australian Property Securities Index

\* The IOOF investment team has replaced Vanguard to manage the strategic asset allocation (SAA) of these OnePath index funds, and there is no change to their SAA.

# Not available on OneAnswer Term Allocated Pension or ANZ Term Allocated Pension.

The change of investment manager to Invesco also includes the following investment funds where Vanguard used to be the underlying index manager:

- OnePath Global Property Securities Index
- OnePath Geared Australian Shares Index.

#### Invesco Australia Limited

ABN 48 001 693 232

**Funds under management** A\$1.8 trillion (as at 31 March 2021)

Invesco Australia Limited is a 100% owned subsidiary of Invesco Ltd. Invesco Ltd is a leading global investment firm whose purpose is to deliver an investment experience that helps people get more out of life. As an independent firm, solely focused on investment management, we direct all our intellectual capital, global strength and operational stability towards helping investors achieve their long-term financial objectives.

Headquartered in Atlanta, USA, the firm has assets under management of approximately A\$1.8 trillion (as at 31 March 2021) and is listed on the New York Stock Exchange (NYSE Code IVZ). Invesco has solid financials, and investment grade debt rating, and a strong balance sheet. Founded in 1935, today Invesco Ltd serves clients around the globe, with an on-the-ground presence in 26 countries. Invesco Ltd has more than 8,000 employees worldwide including more than 800 investment professionals. Invesco's clients benefit from a commitment to investment excellence, a strong depth of investment capabilities, and organisational strength.

As a fully independent firm, all of Invesco's resources are dedicated to investment management. Rather than being shackled by a single 'house view', each of the firm's investment centres worldwide has its own unique methodology for investing.

Invesco's specialised offerings for Australian investors include Australian equities (quantitative; long-only, smaller companies, efficient income); fixed income (senior secured loans, distressed credit); global equities (fundamental high conviction); and alternatives (multi-asset; direct property).

## IOOF

ABN 49 100 103 722

Established 1846

**Funds under management\*** A\$203.9 billion (as at 31 March 2021)

At IOOF, we have been helping Australians secure their financial future since 1846. During that time, we have grown substantially to become a leading provider of quality financial services.

As an ASX top 200 company (ASX: IFL), and with more than \$200 billion in funds under management, administration and advice, we currently service more than one million clients around Australia.

We strongly believe in the value of financial advice and making financial advice accessible and affordable for more Australians.

Our broad range of financial advice, superannuation, investment and trustee products and services means that our ability to provide tailored solutions to help advisers and their clients achieve their financial goals is highly regarded. We believe that success only comes from caring about people and providing quality service and consistent performance.

At IOOF, we have a long history of partnering with other financial services organisations, as well as other advice providers, throughout Australia – providing advisers and clients with greater choice and flexibility.

Through our investment management services, we have a team of portfolio managers, supported by a host of support services all committed to providing strong risk-adjusted returns over the long term.

\* Funds under management, advice and administration.

## Ardea Real Outcome Fund replaced Janus Henderson Global Fixed Interest Total Return Fund

In December 2020 the Janus Henderson Global Fixed Interest Total Return Fund, into which the OneAnswer – Janus Henderson Global Fixed Interest Total Return investment option invests, was terminated and replaced by Ardea Real Outcome Fund.

## Investment fund name changes

The following investment funds changed their name, effective 24 May 2021. There are no changes to investment objectives, strategy or distribution frequency.

Previous fund name	Current fund name
BlackRock Scientific Australian Equity	BlackRock Advantage Australian Equity
BlackRock Scientific Diversified Growth	BlackRock Diversified ESG Growth*
BlackRock Scientific International Equity	BlackRock Advantage International Equity
Colonial First State Global Credit Income	First Sentier Global Credit Income
Colonial First State Imputation	First Sentier Imputation
Colonial First State Global Listed Infrastructure	First Sentier Global Listed Infrastructure^
OptiMix Global Smaller Companies Shares	OnePath Global Smaller Companies Shares
Pendal Core Hedged Global Shares#	Pendal Concentrated Global Shares Hedged
Schroder Balanced	Schroder Strategic Growth
RARE Infrastructure Value†	ClearBridge RARE Infrastructure Value Hedged~

\* Please refer to the BlackRock Diversified ESG Growth strategic asset allocation changes in the 'Review and Adjustment of strategic asset allocation' section below.

^ Not available on ANZ OneAnswer Term Allocated Pension.

# Please refer to the Pendal Concentrated Global Shares Hedged table, under 'Investment fund profile changes' on the following pages.

† RARE Infrastructure Value fund changed its name to ClearBridge RARE Infrastructure Value Hedged to reflect the rebranding of the underlying fund manager from RARE Infrastructure Limited to ClearBridge Investments Limited in the first quarter of 2021.

~ Not available on ANZ OneAnswer.

## Review and Adjustment of strategic asset allocation

### OnePath and OptiMix Diversified funds

The strategic asset allocation benchmarks and associated ranges for a number of OnePath and OptiMix diversified funds were adjusted and the changes include the addition of a new asset class 'unlisted assets'. 'Unlisted assets' is a generic term referring to investments that are not listed on any tradeable exchange such as a stock market. They can include such investments as property, infrastructure, private equity or hedge funds.

The role of 'unlisted assets' in the OptiMix and OnePath diversified funds is to contribute an attractive return and risk trade-off that is less correlated to the funds' other asset classes. Unlisted assets exposure in the OptiMix and OnePath diversified funds will initially comprise investments in unlisted property and may include other suitable investments that fit this profile in future.

### OnePath Conservative~ and OptiMix Conservative

Asset Class*	Previous			Current		
	Benchmark (%)	Min Range (%)	Max Range (%)	Benchmark (%)	Min Range (%)	Max Range (%)
Cash	7	0	27	9.5	0	27
Australian fixed interest	22	12	32	–	–	–
International fixed interest	20	10	20	–	–	–
Fixed interest**	–	–	–	40	32	52
Listed real assets#	4	0	12	3	0	12

# May include cash, cash equivalents and allocation to investment strategies that have a cash benchmark.

^ New asset classes added to the fund's strategic asset allocation.

## Investment fund profile changes

For the following investment funds, changes were made to their investment profiles, effective December 2020.

### T.Rowe Price Dynamic Global Bond<sup>^</sup>

	Previous	Current
<b>Investment strategy</b>	<p>The investment strategy of the fund is:</p> <ul style="list-style-type: none"> <li>To generate a consistent performance over the benchmark by exploiting inefficiencies in the global fixed income and currency markets.</li> <li>To achieve a total return, including capital gains and income, in excess of 2.5% per annum gross of fees above the benchmark over the full economic cycle.</li> <li>To control the amount of risk taken and to limit downside risk. Minimum 80% of the currency risk hedged back to the Australian dollar.</li> </ul>	<p>The investment strategy of the fund is:</p> <ul style="list-style-type: none"> <li>generating a consistent performance over the Benchmark by exploiting inefficiencies in the global fixed income and currency markets through: <ul style="list-style-type: none"> <li>focus on generating returns in excess of the Benchmark; and</li> <li>effective risk management;</li> </ul> </li> <li>achieving a target value, being the total return of the Fund including capital gains and income, in excess of 2% per annum above the Benchmark over the full economic cycle;</li> <li>achieving an expected tracking volatility, being a measure of the dispersion of returns against the Benchmark, between 1% and 5% per annum; and</li> <li>managing the risk of negative returns.</li> </ul>

<sup>^</sup> Not available on ANZ OneAnswer Term Allocated Pension.

### First Sentier Imputation (previously known as Colonial First State Imputation)

	Previous	Current
<b>Investment objective</b>	The fund aims to provide long term capital growth by investing in a broad selection of Australian companies. The fund aims to outperform the S&P/ASX 300 Accumulation Index over rolling three-year periods before fees and taxes.	To combine long-term capital growth with tax-effective income by targeting Australian growth companies with a high level of franked dividends. The fund aims to outperform the S&P/ASX 300 Accumulation Index over rolling three-year periods before fees and taxes.

### Pendal Concentrated Global Shares Hedged (previously known as Pendal Core Hedged Global Shares)

	Previous	Current
<b>Investment objective</b>	The fund aims to provide long term capital growth by investing in a broad selection of Australian companies. The fund aims to outperform the S&P/ASX 300 Accumulation Index over rolling three-year periods before fees and taxes.	To combine long-term capital growth with tax-effective income by targeting Australian growth companies with a high level of franked dividends. The fund aims to outperform the S&P/ASX 300 Accumulation Index over rolling three-year periods before fees and taxes.
<b>Description</b>	<p>This fund is designed for investors who want the potential for long term capital growth, diversification across a broad range of companies, industries and countries and are prepared to accept higher variability of returns. Whilst the fund can invest in any international sharemarket that offers attractive opportunities, most investments will be located in the United States, Europe and Japan.</p> <p>The fund may also hold cash and may use derivatives.</p>	The Fund is designed for investors who want the potential for long-term capital growth from a concentrated portfolio of global shares, diversified across a broad range of global sharemarkets and are prepared to accept higher variability of returns. The Fund may also hold cash and use derivatives.
<b>Investment strategy</b>	<p>Pendal has appointed AQR Capital Management, LLC (AQR) to manage the assets of the fund.</p> <p>As manager for the fund's international shares, AQR's investment process is based on their quantitative investment strategies and aims to add value through active stock and industry selection and investment research. AQR employs a systematic investment process to maintain a highly diversified and risk-controlled portfolio that reflects their valuation and momentum philosophy. Value investing is buying securities that are cheap and selling those that are expensive. Momentum investing is buying securities that are improving and selling securities that are deteriorating. AQR's investment research focuses on valuation, momentum, earnings quality, investor sentiment, sustainable growth and management quality themes. The fund has assets that are denominated in foreign currencies. The fund's foreign currency exposure will generally be fully hedged back to the Australian dollar to the extent considered reasonably practicable.</p>	<p>Pendal's investment process for global shares aims to add value through active stock selection and fundamental company research. Pendal focuses on identifying a company's long-term value and potential risk reward opportunity and is benchmark agnostic. Our high conviction approach to the Fund's investments seeks to invest in companies that are out of favour, considered to be undervalued in the near term and offer long-term capital growth. The Fund will typically hold between 35-55 stocks.</p> <p>The Fund has assets that are denominated in foreign currencies. The Fund's foreign currency exposure will generally be fully hedged back to the Australian dollar to the extent considered reasonably practicable. This means that changes to the Australian dollar relative to foreign currencies will have a reduced impact on the value of the assets of the Fund.</p> <p>Derivatives may be used to reduce risk and can act as a hedge against adverse movements in a particular market and/or in the underlying assets. Derivatives can also be used to gain exposure to assets and markets.</p>

## Other investment fund changes

### OptiMix updates

In December 2020, changes were made to the investment managers who manage Australian shares, Australian and international fixed interest. These manager changes flowed through to the OptiMix and OnePath diversified funds as they invest into the OptiMix Australian shares, Australian and international fixed interest investments.

In May 2021, changes were made to the manager exposures across international equities and emerging markets. These changes flowed through to the OptiMix and OnePath diversified funds as they invest into the OptiMix International Equities and Emerging Markets funds.

Further details can be found in the Product Updates section at [onepath.com.au](http://onepath.com.au)

### Termination of OnePath Cash and OptiMix Enhanced Cash investment options

In September 2020, the OnePath Cash and OptiMix Enhanced Cash investment options offered through OneAnswer and OneAnswer Frontier, with the exception of OnePath Cash within ANZ OneAnswer Term Allocated Pension, were terminated.

### Updated Standard Risk Measure (SRM)

# Irrespective of the fund name being 'Conservative', the Standard Risk Measure of the fund is 5. This means it has been estimated that the fund may have 3 to less than 4 negative annual returns over any 20 year period. We recommend that clients and their advisers take this into account when making investment decisions to ensure the investment is suitable for the investor's risk profile.

<sup>μ</sup> Available on OneAnswer Personal Super only.

## REGULATORY

### Age based contribution limits into your super

Effective 1 July 2020, the Federal Government made changes to the age requirements for acceptance of super contributions, summarised as follows:

- Member contributions are accepted regardless of working status up to age 67, previously this was age 65.
- Spouse contributions extended to age 75, previously this was age 70.
- Members don't have to attest to the Gainful Employment Test (GET) or confirm eligibility under the Work Test Exemption (WTE) until they turn 67 years.
- There was no change to the rules for making downsizer contributions in the 2020 Federal Budget, however, changes have been proposed in the 2021 Federal Budget (see Budget 2021 section below).

For further details regarding these changes please see the Product Updates section at [onepath.com.au](https://onepath.com.au)

### Extension of reduced minimum pension payments

The measures introduced in 2020 by the Federal Government in response to COVID-19, which allow for a temporary 50% reduction of the minimum annual pension payments have been extended to 30 June 2022. This means that for members who have nominated to receive a minimum payment amount from their account or have nominated a payment amount that is less than the reduced minimums, their pension payments for the 2021/2022 financial year will be recalculated based on the reduced pension minimums. For any changes, please see 'How to make changes to your pension payments' below.

#### **Term Allocated Pensions**

With the continuation of the reduced minimum drawdown relief, members can reduce their annual pension payment amount by up to 50% from 1 July 2021.

#### **How to make changes to your pension payments**

We recommend you speak to your financial adviser who can notify us of any changes. Alternatively, if you'd like to make changes to your arrangements you can contact us direct by:

- calling Customer Services on 133 665 for OneAnswer products and 13 38 63 for ANZ OneAnswer products
- emailing [customer@onepath.com.au](mailto:customer@onepath.com.au)
- completing and returning the OneAnswer Pension Payment Update Form available at [onepath.com.au](https://onepath.com.au) > Super & Investments > Forms & brochures
- completing the online Change of Details form through Account Access, at [onepath.com.au](https://onepath.com.au) > My OnePath > Transaction options > Change of Details.

#### **Super Guarantee (SG) percentage**

The compulsory SG rate will increase from 9.5% to 10% of an employee's eligible earnings from 1 July 2021.

## Changes to contributions caps and thresholds

Caps and thresholds	Up to 30 June 2021	From 1 July 2021
Concessional contributions cap	\$25,000	\$27,500
Non-concessional contributions cap	\$100,000	\$110,000
Low rate cap threshold	\$215,000	\$225,000
CGT small business cap	\$1.565 million	\$1.615 million
Government co-contributions lower income threshold	\$39,837	\$41,112
Government co-contributions upper income threshold	\$54,837	\$56,112
General transfer balance cap	\$1.6 million	\$1.7 million

## Federal Budget 2021

**If these Budget measures become law, they are expected to be effective from 1 July 2022.**

The Federal Government delivered its Budget on 11 May 2021 with some positive changes. We recommend that you seek financial and tax advice if unsure about any of the measures and how they may impact you.

## Superannuation

### Repealing the work test

#### Individuals aged 67 to 74

Individuals aged 67 to 74 will no longer be required to meet the work test when making, or receiving, non-concessional contributions or salary sacrificed contributions. The work test requires individuals to have been gainfully employed for at least 40 hours in 30 consecutive days during the financial year of the contribution.

Personal deductible contributions to super will still be subject to meeting the work test.

Eligible individuals in this age group will also be able to access the non-concessional 'bring forward' cap. For example, they may make non-concessional contributions in a financial year of up to three times the annual non-concessional contributions cap depending on their total superannuation balance at 30 June of the last financial year without penalty.

### Reducing the eligibility age for making a downsizer contribution

#### Individuals aged 60 and over

The eligibility age to make a downsizer contribution to super will reduce from 65 to 60 years of age.

The downsizer contribution allows eligible individuals to make a one-off, contribution to their super of up to \$300,000 per person (or \$600,000 per couple) from the proceeds of selling their former home which they and/or their partner owned for at least 10 years before the sale.

The downsizer contribution does not count towards the non-concessional contribution cap and can be made regardless of work status or total super balance. A deduction cannot be claimed for the contribution.

### Removal of the minimum income threshold for Superannuation Guarantee (SG) contributions

#### Employees earning less than \$450 per month

Employees will no longer be required to earn a minimum amount of income each month before they become eligible to receive a SG contribution from their employer to their super. Currently, employers are not required to make SG contributions for their employees earning less than \$450 per month.

This measure will improve equity in the super system by expanding the SG coverage for individuals with lower incomes and those who have casual positions with multiple employers.

## Changes to the First Home Super Saver (FHSS) scheme

### Individuals who are first home buyers

The maximum amount of 'voluntary contributions' that can be released from super under the First Home Super Saver (FHSS) scheme to help purchase a first home will increase to \$50,000 from \$30,000.

Specifically, individuals will still be able to contribute up to \$15,000 of voluntary contributions from any one financial year, but the FHSS amount that can be withdrawn will increase to a total of \$50,000 of eligible voluntary contributions across all financial years, plus earnings.

'Voluntary contributions' that can be released under the FHSS scheme are voluntary concessional and non-concessional contributions made on or after 1 July 2017.

### Legacy retirement income product conversions

#### Individuals with term allocated, life-expectancy and lifetime pension products which started prior to 20 September 2007

Individuals invested in the above-mentioned products will have the choice to transition out of these legacy retirement income products and into a more contemporary account-based retirement product. Currently, individuals have restricted access to capital and flexibility of drawdowns with these legacy products.

Individuals will have a two-year window to do this (we are expecting this to be from 1 July 2022 to 30 June 2024).

An individual will be able to fully commute their legacy retirement income product back into a super fund account. From there, they can decide to commence a more conventional account-based retirement pension or take it as a lump sum or leave it in their super account. Any commuted reserves will not count towards the concessional contributions cap but will be taxed at 15%.

Individuals need to consider the social security consequences of taking up this option. Existing social security concessions that may apply to their legacy retirement income product will be lost upon conversion. However, the commutation of the legacy retirement income product will not cause a Centrelink debt to arise.

### Extension of the low and middle income tax offset (LMITO)

#### Individuals who are low and middle income earners

The Government has further extended the availability of the LMITO for another financial year. It provides a tax saving (maximum benefit) of \$1,080 for individuals on taxable incomes between \$48,000 and \$90,000 and some benefit either side, before cutting out at a taxable income of \$126,000 or more. The LMITO will reduce tax for eligible individuals lodging their income tax return for the 2021/22 financial year.

## GENERAL

## Changes to investment fees, indirect costs and ongoing fees

Investment fees, indirect costs and ongoing fees for each investment fund offered through your product for the year ending 30 June may have changed from those that applied in the previous year. You can view the investment fees, and indirect costs that apply to your investment in the Fees, Deductions and Investment Returns Summary section of your Annual Statement.

To view the investment fees, indirect costs and Ongoing fees for all funds, please refer to the OneAnswer Frontier Investment Portfolio PDS and the OneAnswer Frontier Personal Super and Pension Fees Guide available at [onepath.com.au](http://onepath.com.au)

## Adviser payment arrangements

From December 2020, in line with Federal Government legislation, we ceased payment of any remaining 'grandfathered' commission arrangements and notified impacted investors and members.

Investors and members who hold OneAnswer Frontier products were not affected by these changes as they don't pay financial adviser commission.

## Changes to adviser service fee (ASF) arrangements for super, pension and investment clients

Legislation relating to ASFs has changed the way you pay advice fees from your super, pension or investment account/s. The purpose of the changes are to ensure members and investors are aware of, and consent to, all personal advice fees they pay within these products.

From 1 July 2021, members/investors will need to provide written annual consent before any ongoing ASF or One-Off Adviser Service Fee for personal financial advice can be deducted and paid from your OneAnswer account.

Speak to your financial adviser for more information on the consent process or refer to the Product Updates section at [onepath.com.au](http://onepath.com.au)

## SUPER AND PENSION ONLY

### Your 2021 Annual Report

In line with our ongoing commitment to reduce our impact on the environment, your 2021 Annual Report will be available online in December.

For OneAnswer products, the Annual Report will be available at [onepath.com.au](http://onepath.com.au). If you would like to receive a hard copy (free of charge) contact Customer Services on 133 665.

For ANZ OneAnswer products, the Annual Report will be available at [anz.com](http://anz.com). If you would like to receive a hard copy (free of charge) contact Customer Services on 13 38 63.

### APRA Levy and Regulatory Change Expense Recovery

Australian Prudential Regulation Authority (APRA) regulated superannuation funds are charged the APRA Levy each year. This levy covers APRA's general operational costs and other costs incurred by the Australian Securities and Investments Commission, the Department of Human Services (DHS) and the Australian Tax Office (ATO).

The cost of this levy for the 12 months to 30 June 2021 has been passed on by the Trustee of the Retirement Portfolio Service superannuation fund (the Fund) to its members as a 0.005% p.a. charge applied against the investments of the Fund.

The Trustee has also approved an expense recovery of 0.025% p.a. for this period. This covers some of the costs incurred to comply with the Federal Government's superannuation regulatory changes.

On 24 June 2021, a combined APRA Levy and regulatory change expense recovery of 0.03% p.a. for the 12 months to 30 June 2021 was deducted from the unit price of each member's investment options. This deduction did not include cash investment options and guaranteed products (which do not have a unit price).

To illustrate the impact of this deduction, for a member of the Fund with a \$50,000 balance, the cost of this deduction would be \$15.00.

### Ceasing transfers to eligible rollover funds (ERFs)

As a result of legislative changes to facilitate the closure of eligible rollover funds, superannuation providers can no longer transfer a member's account balance to an Eligible Rollover Fund (ERF) from 1 May 2021.

The changes also require ERFs to transfer amounts in 'low balance accounts' (less than \$6,000) as at 1 June 2021, to the ATO before 1 July 2021, and the amounts in all remaining accounts, before 1 February 2022.

For OneAnswer Frontier Personal Super and Pension, the main changes from 1 May 2021 are:

- the Trustee will no longer transfer any benefits to the Australian Eligible Rollover Fund or any other ERF;
- where previously the Trustee may have transferred an amount payable to you to an ERF, the Trustee may now transfer the amount to the ATO; and
- the Trustee may also voluntarily transfer other amounts payable to you to the ATO if the Trustee reasonably believes that it is in your best interests.

### Changes to your personal circumstances and insurance

Remember to let us know when your personal circumstances change to ensure you're still insured and paying the right insurance fees for your cover.

Even if you continue to pay your insurance fees, a change in your personal circumstances, such as retiring permanently from the workforce or if you permanently depart from Australia, could mean that you're no longer covered.

To advise us of any changes to your circumstances, call Customer Services.

For OneAnswer products, call 133 665, or

For ANZ OneAnswer products, call 13 38 63.

### Are your contact details up to date?

It's important to stay in touch with us and let us know when things change, such as when you change your address or your name.

The Australian Taxation Office (ATO) requires us to transfer some balances if we have lost touch with the member. If an account does get transferred to the ATO, we are required to close that account and stop any insurance.

To avoid losing your super, keep us updated. You can update your details through Account access (for OnePath products) or Investor access (for ANZ OneAnswer products) or by calling us.

## FEES AND COSTS OF YOUR INVESTMENT

**Fees and costs** are not deducted directly from your account. They are deducted from the assets of each investment fund and reflected in the unit price.

These fees and costs may include the following:

**Investment fee** – the cost of managing the investment fund and the underlying fund manager's Investment Management Fee (IMF). The IMF charged by the underlying fund manager includes the fees, charges and some estimated expense recoveries that relate specifically to the management of each investment fund. If a performance related fee applies then this is not included in the investment fee, but forms part of the investment fund's indirect costs.

**Administration fee (other)** – includes any levies and expense recoveries that have been deducted from the assets of each investment fund. This includes the recovery of the APRA levy charged to all super funds and some of the costs incurred to comply with the Government's superannuation regulatory changes.

**Buy-Sell spread** – an additional cost reflected in the daily unit prices of an investment fund that is not charged separately. It is used to allocate the costs of buying and selling assets in an investment fund to those investors who are transacting on that fund rather than to members who are not transacting. As your account is valued at the sell unit price, all investments into an investment fund are reduced by the buy-sell spread at the time of the investment.

**Indirect costs** include costs deducted from the assets of each investment fund and reflected in its unit price. These costs relate to the investment of assets within the underlying investment funds that are not recovered by the investment fund's buy-sell spread. They include, but are not limited to, brokerage costs, custody fees, stamp duty and bid/offer spreads. They are not investment fees but may include performance related fees charged by the underlying fund manager for outperforming their performance benchmark.

If you have any questions about the fees and costs on your statement, please contact Customer Services. For OneAnswer products call 133 665 and ANZ OneAnswer products call 13 38 63.

## KEY DEFINITIONS

### Contributions tax

Contributions tax of 15% will apply to any personal contributions for which you claim a tax deduction or contributions made by your employer (including salary sacrifice contributions) or other contributions which have not previously been subject to tax.

You can claim a tax deduction for personal contributions made in the Annual Statement period, if we received your 'Notice of intent to claim a tax deduction form' by the relevant date and the notice has been acknowledged by the Trustee.

A 15% tax rate also applies to the untaxed element of a roll-over superannuation benefit and certain foreign super fund transfers. The tax payable is shown on your Annual Statement.

Contributions tax will be deducted after the end of every month. As a result, the component relating to the month ending 30 June will not be deducted from your account until the next financial year. It will not appear on the current year's annual statement as a deduction. So you can review the tax for a financial year's contributions in the one statement, the tax for the final period of the financial year is shown on the next year's statement under the heading 'Payable and Received Amounts'. If you have made a withdrawal during the year, contributions tax will be deducted at the time of withdrawal.

The contributions tax applied may not equal 15% of concessional contributions received or a positive contributions tax amount may have been applied. This is because when calculating the amount of contributions tax payable, the tax deductions claimed by the Fund on transactions like insurance fees, administration fees and any adviser fees are passed onto the member as a tax benefit. If no contributions for the year were made, but the insurance and administration fees were paid, this may appear as a positive contributions tax (similar to a tax rebate).

### No-TFN Contributions Tax

If you or your employer have not provided us with your TFN, a No-TFN additional tax may be applied to your concessional contributions. The additional tax is applied at the end of the financial year or on withdrawal from your account. If we are provided with a valid TFN, the No-TFN tax will not be applied and you may be entitled to any No-TFN tax applied on up to the previous three financial years to be returned to your account, as a No-TFN Tax Offset.

## Additional tax for high income earners

An additional 15% tax may apply to certain concessional contributions if your income for surcharge purposes plus your low tax contributions for a financial year exceeds \$250,000. For further information, visit [ato.gov.au](http://ato.gov.au) or speak to your financial adviser.

## Withdrawal benefit

A withdrawal benefit is the sum you receive if you withdraw your super balance. Due to a legislative requirement, we must show how much your benefit would be worth on 30 June, but this does not mean you can access your super.

To withdraw your super, you must first meet a 'Condition of release' as follows:

- you are aged 65 or over.
- you have reached your preservation age and have permanently retired.
- you have reached your preservation age and started a 'transition to retirement' income stream, or
- you are permanently incapacitated.

For full details of when you can access your super, contact your financial adviser or Customer Services.

## Preservation status

**Unrestricted Non-Preserved Benefit** is the amount of the withdrawal benefit at the close of the reporting period that you can access at any time.

**Restricted Non-Preserved Benefit** is the amount of the withdrawal benefit at the close of the reporting period that you can access, if you leave an employer who has contributed to this fund on your behalf, or when preserved benefits are payable.

**Preserved Benefit** is the amount of withdrawal benefit at the close of the reporting period required to be preserved by the Trust Deed and super legislation governing your benefits. Generally, you cannot access this amount until age 65, or once you have reached your preservation age (between age 55 and 60, depending on your date of birth) or you have met another condition of release, such as retirement.

The total of the preservation components is net of withdrawal fees and contributions tax payable on contributions that were made up to the end of the reporting period. Where no-TFN contributions tax is payable, it will be deducted from the withdrawal amount.

## Super Guarantee Allocation

The Super Guarantee Allocation (SG Allocation) is the amount of employee entitlement paid by the ATO representing a superannuation guarantee shortfall and any interest for the shortfall.

The SG Allocation may appear on your Annual Statement as either an addition or deduction.

An addition is a payment from the ATO into your account and a deduction may be the correction of a payment received to your account or the recovery of an overpaid SG Allocation by the ATO. Speak to your financial adviser or contact the ATO for further details.

## Government contributions

Government contributions can include the Government co-contribution and the Low Income Superannuation Tax Offset (LISTO). LISTO effectively returns the 15% contributions tax (up to \$500) on concessional (before-tax) contributions for low income earners.

The Government co-contribution helps eligible income earners boost their super through personal (after-tax) contributions. The maximum amount is \$500 and it depends on your income and how much you contribute.

The co-contribution may appear on your statement as either an addition or deduction. An addition is a payment from the ATO into your account and a deduction may be the correction of a payment received to your account or the recovery of an overpaid co-contribution by the ATO. Speak to your financial adviser or contact the ATO for further details.

## Nomination of beneficiary

If you have nominated a beneficiary, it will appear on your statement. A valid non-lapsing beneficiary nomination ensures that in the event of your death, your superannuation benefit will be paid in accordance with your wishes. 'Non-lapsing' means it does not expire or need to be updated, but it must meet certain requirements to be valid.

See conditions below:

- We will ordinarily pay the benefits to the nominated beneficiaries in the proportions you have specified, if the requirements are met.
- If your circumstances change such as, if you marry, enter into a de facto relationship or become separated on a permanent basis, your nomination will become invalid.
- You can revoke or change your nomination by completing a valid Nomination of Beneficiary Form.
- For your Nomination of Beneficiary Form to be valid, you need to sign and date it in the presence of two witnesses, who are over 18 and not named as beneficiaries.

A will does not ordinarily control what happens to your super benefit upon death. Generally, if there is no valid non-lapsing beneficiary nomination in place, the Trustee will pay the benefit to your legal personal representative if your estate is solvent.

In addition, if you hold a OneAnswer Pension account, your nomination may be a reversionary pensioner and/or a non-lapsing beneficiary. You can nominate your spouse as a reversionary pensioner when you set up your pension account. In the event of your death, your pension will continue to be paid to the reversionary pensioner. A valid reversionary pensioner nomination will override a valid non-lapsing nomination. If your nominated reversionary pensioner dies before you or is no longer your spouse, the Trustee will pay your benefit in accordance with any valid non-lapsing nomination. Please note: If you have nominated a reversionary pensioner on your pension account, this cannot be removed, revoked or changed.

## PENSION ONLY

### What is included in your annual statement pack?

**Annual Review Letter** – outlines three important pieces of information:

1. Your total pension or annuity (income stream) payment for this financial year
2. The amount you should expect to receive per payment, and
3. The number of payments that will be made in the 2021/2022 financial year.

**Annual Statement** – includes all transactions that have been processed on your account during the 2020/2021 financial year, and your account balance as at 30 June 2021.

**Payment Alteration Form** – can be used to change the amount or frequency of your income stream payments, the investment fund/s from which payments are drawn or the bank details to which your payments are credited. You can also change your income payments at any time using the Pension Update Form available from our website, or by calling Customer Services. Please note, payments can only be made via electronic funds transfer (EFT) and not cheque.

**Centrelink Schedule** – outlines the income you will receive from your pension or annuity account for the 2021/2022 financial year.

If you are applying for, or receive a means-tested Social Security entitlement, you may need to supply the information on the Schedule to Centrelink.

### Why is the Centrelink schedule included in the annual statement pack?

When you are assessed by Centrelink for the Age Pension, you are assessed on income and assets over a full financial year. To facilitate this, Centrelink Schedules are issued with information needed for Centrelink to perform this assessment.

Centrelink Schedules display an annualised value of income stream payments being received, shown as the Gross Annual Payment. The annualised value may not equal the actual value of payments you will receive in the financial year, especially if you have commenced your income stream account part way through the financial year or have changed the payment amounts you receive.

The amount that needs to be reported to Centrelink is the Gross Annual Payment which is the actual payments received, plus payments to be received (excluding commutations) in the financial year. Where the income stream commences part way through the year, the amount to be reported for the first year is grossed up to reflect an annual amount.

Each time you change your nominated income stream payment amount for the year, a revised Centrelink Schedule can be downloaded from our website. For further information contact your financial adviser or Centrelink.

## How are annual payment amounts calculated?

Each financial year you must receive a legislated minimum\* payment from your pension or annuity account. Generally, you can choose to receive the legislated 'minimum' payment, the 'maximum' payment (if applicable) or nominate a specified amount. The minimum and maximum annual payment is recalculated each year on 1 July using your account balance and age at that date.

Please note, if you have nominated a reversionary beneficiary on your Term Allocated Pension account, their details may also be considered when calculating your annual payment amount.

If you choose to receive the minimum annual payment, we will make income stream payments from 1 July at the new minimum level. If your nominated annual payment is already higher than the new minimum, your pension or annuity payment will remain unchanged from that paid in the previous financial year, unless you have chosen to have your payments indexed.

If the income stream payments you received for the financial year do not add up to your legislated minimum payment amount, a 'catch-up' payment will be credited to your nominated bank account on or around 30 June.

\* As noted earlier in this update, the Government's temporary reduction to minimum pension payments has been extended for the 2021/2022 financial year.

### Maximum payment

For 'Transition to Retirement' (TTR) pensions, a maximum annual pension payment equal to 10% of the account balance will apply each year.

Please note, if you have a TTR pension and have reached age 65, retired on or after your preservation age or are permanently incapacitated, the funds in your pension account will no longer be subject to the maximum 10% restriction on annual pension payments.

### Term Allocated Pensions

If you are invested in a Term Allocated Pension (TAP), you do not have the option to choose a payment amount<sup>^</sup>. The income payment is a set amount calculated by dividing your account balance as at 1 July each year by the Term Allocated Payment Factor for the remaining term.

<sup>^</sup> As noted earlier in this update, the Government's temporary reduction to minimum pension payments has been extended for the 2021/2022 financial year.
