

ONEANSWER UNIT PRICE AVAILABILITY – JUNE QUARTER

June 2023

To assist you in servicing your clients, we set out below estimated dates of unit price availability for 30 June.

As you are aware, unit prices at the end of the financial year take into account any distributions of income and/or realised capital gains. As a result, unit prices are generally not available immediately following 30 June. This can have an impact on transaction requests received at the end of June and in the first half of July, depending on the investment funds involved.

Correctly completed requests to transact on OneAnswer accounts, for example a switch, withdrawal or product transfer, will be scheduled for processing on receipt, however, the completion of processing has to await the release of unit prices.

Confirmations will be sent out once client transactions have been finalised.

Please note, the dates are estimated because there could be a Business Continuity Planning event which may result in a delay.

Fund managers	Estimated date of unit price availability in July 2023
