ONEANSWER - CLOSURE OF SELECTED INVESTMENT FUNDS

Continuous Disclosure Notice | December 2017

This Continuous Disclosure Notice provides important information for current investors of OneAnswer Investment Portfolio (including Frontier).

The following funds, referred to collectively as ‘the Funds’, were closed to new investment and additional investments, effective 18 September 2017:

- OnePath Cash
- OnePath Protected AUS 50
- SG Hiscock Property

WHY WERE THE FUNDS CLOSED?

At ANZ Wealth we’re committed to helping you achieve your financial goals by regularly reviewing the investment menu of OneAnswer – making sure you have access to market-leading investment funds.

Following a recent review we added four new investment funds and restructured five investment funds. We also decided to remove the above Funds from the investment menu, given the minimal level of support and the availability of alternative funds through OneAnswer.

HOW DOES THE CLOSURE IMPACT EXISTING INVESTORS?

Existing investors in these Funds can no longer make additional investments (including regular investments) or switch in to the Funds and will no longer be able to use the auto-rebalance function as this involves switches in and out.

WHAT HAS NOT CHANGED?

The closure will not impact existing investments held within the Funds. Existing investments will continue to be managed according to the current investment objective and strategy.

Investors will still be able to reinvest their income distributions and ongoing fee rebates, as well as withdraw or switch out at any time.

WHAT OTHER INVESTMENT FUNDS ARE AVAILABLE?

There are a number of similar investment funds available through the OneAnswer menu. The below table outlines the similar funds which are open to investment.
