Fund Summary

OptiMix Global Emerging Markets Share

OneAnswer Frontier Personal Super

30 September 2024

Market and portfolio review

Global equity markets recorded positive gains for the quarter, driven by positive economic data coming out of the United States and the prospect of an interest rate cut by the Fed later this year and further cuts in 2025. OptiMix Global Emerging Markets (into which MultiActive Global Shares cross invests) strongly outperformed during the quarter, led by Intrinsic which has a small cap focus. Alphinity outperformed due to being overweight information technology combined with positive stock selection in this sector. Arrowstreet outperformed mostly due to being overweight information technology combined with positive stock selection in this sector. Pzena underperformed due to negative stock selection in health care, industrials and materials. Intermede underperformed, mostly due to negative stock selection in industrials.

Future investment strategy

Market participation broadened over the course of the quarter, suggesting expectations for an economic re-acceleration later this year. Monetary policy continues to have an outsized impact on markets. Market swings this quarter were largely driven by changing expectations for Fed policy this year.
